“Things to Do”**

Relax. Renew. Reminisce. Refresh.

Come when you can, leave when you must. You can do as much or as little as you choose. Breakfasts and lunches and dinners can be on your own with a class or other group.

We plan for one different interesting local group tour option (on either two, or possibly three, days) to provide a flavor of the greater Tucson area. We ask that you help shape that plan.

Here's how: click on the hotel website on the first page, on "area things to do." Select those that interest you most and *email your top three choices to your Class Coordinator by January 15, 2016.*

Of course, golf, tennis, and other Resort facilities use is always easily scheduled independently.

The resort, or local transportation options can be used to facilitate spontaneous smaller group options (shopping anyone?), combined with encouraging plenty of informal get-together time.

Class or other informal group might want to breakfast together. Or lunch or dinner together at a recommended restaurant nearby. Jump in a car together and explore places that interest you. Or check out a local restaurant for dinner. Or sit and just enjoy the beautiful mountain views with one another. Or swim. Or sun by the pool? Tennis ... or maybe shuffleboard? Tour the facility grounds. Go for a walk in the beauty of nature.

Want to see what living in this area is about? Chances are pretty good more that the locals will encourage your visit to their homes.

SPECIAL THANKS TO OUR GREAT CLASS AND REUNION PLANNING COORDINATORS ...

Please let them know your thoughts about attending, special activities, ideas, and more ... the sooner, the better! Thank you!
